

INSTALLATION INSTRUCTIONS

O-Moon Outdoor Lantern

READ AND SAVE THESE INSTRUCTIONS

1. Carefully unpack your new fixture and lay out all the parts in a clear area. Take care not to misplace any small parts necessary for installation.
2. Turn the pole (B) onto the base (A) by about seven turns.
3. Slip the collar (C) over the socket, then secure with the 3 provided screws (D).
4. At this point, you can install the bulb in accordance with the fixture specification.
5. After installing the bulb, place and screw the globe (E) on the collar (C), gently turn clockwise to tighten.

Your assembly is now complete.

You can plug the power cord into an outlet.

CARE INSTRUCTIONS:

Do not use polish or cleaners on your lamp.
WIPE CLEAN WITH SOFT CLOTH.

This lamp is suitable for WET LOCATION.
